

Reducing Congestion in Cities

There are many different approaches to tackling the problem of traffic congestion in city centres. Below, you will find some of the strategies that have been used to reduce this urban problem.

For each one, explain how it reduces traffic congestion and research an example in the UK.

'Park and Ride'
How it works: _____ _____
Example: _____ _____

Cycle lanes
How it works: _____ _____
Example: _____ _____

Low emission zones
How it works: _____ _____
Example: _____ _____

Congestion charge

How it works: _____

Example: _____

Pedestrian only areas

How it works: _____

Example: _____

Traffic calming

How it works: _____

Example: _____
